Any interested person or his or her duly authorized representative may submit written comments relevant to the proposed regulations to the contact person identified in this notice. All written comments must be received at the department no later than 5:00 P.M., DECEMBER 30, 2002, the final day of the written comment period, in order for them to be considered by the department before it adopts the proposed regulations.

AUTHORITY AND REFERENCE

The department proposes to adopt these regulations under the authority granted by Section 1651 of the California Vehicle Code in order to implement, interpret or make specific Sections 12804.9, 12804.10, 12804.15, and 35400 of the Vehicle Code.

INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

Section 35400 of the Vehicle Code specifies the conditions under which the department may issue a class B driver license. Section 12804.15 delineates the requirements for issuance of a 45-ft house car endorsement to be used in conjunction with a non-commercial class B driver license. Section 12804.15(c)(2) specifies an applicant's medical information must be submitted on a form approved by the department in order to establish the applicant meets the minimum medical requirements.

The effect of the proposed regulation is to add Section 147.00 to Article 2.7 of Title 13 to establish the requirements for any person applying for a 45-ft house car endorsement with a non-commercial class B driver license.

FISCAL IMPACT STATEMENT

- Cost Or Savings To Any State Agency: None.
- Other Non-Discretionary Cost or Savings to Local Agencies: None.
- Costs or Savings in Federal Funding to the State: None.
- Cost Impact on Representative Private Persons or Businesses: The department is not aware of any significant cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

- Effect on Housing Costs: None.

DETERMINATIONS

The department has made the following initial determinations concerning the proposed regulatory action:

- The proposed regulatory action will not have a significant statewide adverse economic impact directly affecting businesses, including the ability of California businesses to compete with businesses in other states. The regulatory action proposed by the department allows the department to issue a house car endorsement for holders of non-commercial class B driver licenses. No studies or data were relied upon in support of this proposal.
- The adoption of this regulation is not expected to create or eliminate jobs or businesses in the state of California or reduce or expand businesses currently doing business in the state of California.
- The proposed regulatory action will not impose a mandate on local agencies or school districts, or a mandate that requires reimbursement pursuant to part 7 (commencing with Section 17500) of Division 4 of the Government Code.
- The proposed regulatory action will not affect small business. The regulation governs the issuance of a house car endorsement to individual drivers holding a non-commercial class B driver license that wish to drive 45-ft house cars.

PUBLIC DISCUSSIONS OF PROPOSED REGULATIONS

A pre-notice workshop, pursuant to Government Code section 11346.45, is not required because the issues addressed in the proposal are not so complex or large in number that they cannot easily be reviewed during the comment period.

ALTERNATIVES CONSIDERED

The department must determine that no reasonable alternative considered by the department or that has otherwise been identified and brought to the attention of the department would be more effective in carrying out the purpose for which the action is proposed, or would be as effective and less burdensome to affected private persons than the proposed action.
